

Allan TOLLEY

My principal place of residence is in the Ohope Beach Community Board area.

I live in Ohope with my wife Anne, and am retired. I spend an hour each day, with our dog, walking on our wonderful beach and I'm standing for the Ohope Community Board because I believe my experience can be of benefit to our

beautiful area.

During my working life I have managed factories. The last one was a freezing works where I was responsible for 900 staff.

I have a long history in community organizations, 4 years as chairman of the Westshore Residents and Development Association (the beach area of Napier), Board member and Chairman of the Hawkes Bay Cultural Trust (covered Napier museum and Hastings art gallery), President of the Friends of the HB Cultural Trust, and in Gisborne I chaired the Gisborne Volunteers for four years, was a member and president of Kiwanis, and was involved in the Bridge Club, including 2 years as President.
