<b>APPENDIX ONE</b>				
<b>Sub No</b>	<b>Submitter</b>	<b>Support / oppose</b>	<b>Reasons</b>	<b>Relief Sought</b>
4	Bay of Plenty Council	Support	To the extent that the relief is consistent with Whakatane Mill's own submissions, Whakatane Mill supports the whole of the submission on the grounds that it considers that the relief sought is generally appropriate, reasonable and / or necessary including for the reasons set out in the submission.	If the Proposal is not declined Whakatane Mill seeks that the submission be accepted.
20	NZ Transport Agency	Support in part	If the Proposal is not declined, Whakatane Mill generally supports the submitter's proposed relief to the extent that it seeks to address key issues associated with reverse sensitivity and pedestrian and cyclist safety. Such relief is generally appropriate, reasonable and / or necessary.	If the Proposal is not declined Whakatane Mill seeks that the submission be accepted.
34	Te Runanga o Ngati Awa	Support in part	Whakatane Mill supports in part the submitter's position as it recognises that the proposed residential zoning and associated amendments to the District Plan do not appropriately address reverse sensitivity issues. However, to the extent that a new zone is proposed it is considered that this is beyond the scope of the Proposed Plan Change.	If the Proposal is not declined in its entirety Whakatane Mill seeks that the submission be accepted insofar as it seeks to manage reverse sensitivity issues.
