	c) For any other cost, the amount actually incurred in responding to the request. This will cover the provision of copies of video, audio and film tapes, the provision of documents in electronic form, the retrieval of information off-site, or other situations where a direct charge is incurred	
	d) Where repeated requests from the same source are made in respect of a common subject over intervals of up to eight weeks, requests after the first should be aggregated for charging purposes.	
	e) The charge shall represent a reasonable fee for access given. It may include time spent:	
	(i) in searching an index to establish the location of the information;	
	(ii) in locating (physically) and extracting the information from the place where it is held;	
	(iii) in reading or reviewing the information; and	
	(iv) in supervising the access to the information.	
	f) The charge shall not include any allowance for:	
	(i) extra time spent locating and retrieving information when it is not where it ought to be; or

	c) Time spent by staff in deciding whether or not to approve access and in what form to provide information shall not be charged. While the decision to redact protected information is not chargeable, the physical editing is part of making the information available and is subject to charges.

	a) whether payment might cause the applicant hardship
	b) whether remission or reduction of the charge would facilitate good relations with the public or assist the Council in its work
	c) whether remission or reduction of the charge would be in the public interest because it is likely to contribute significantly to public understanding of, or effective participation in, the operations or activities of the Council, and the disclosure of the information is not primarily in the commercial interest of the requester. In order to determine the level of public interest the following questions could be asked:
	(i) Is the use of the information by the requester likely to make a significant contribution to the operations and activities of the Council?
	(ii) Has the Council requested submissions from the public on a particular subject and is the information necessary to enable informed comment?
	(iii) Is the use of information likely to contribute significantly to the understanding of the subject by the public at large as opposed to the individual understanding of the requester or a narrow segment of interested people?
	(iv) Is the information already in the public domain in either the same or similar form which the requester could acquire without substantial cost?
	(v) Is the public at large the primary beneficiary of the expenditure of public funds necessary to release the information or is it for the requester or a narrow segment of interested persons?
	(vi) Is the information primarily in the commercial interest of the requester rather than the public interest?
34.6	Deposit
34.6.1	A \$50.00 deposit may be required where the charge is likely to exceed \$100.00 or where some assurance of payment is required to avoid waste of resources. A deposit may only be requested after a decision has been made to make the information available.

34.7.2	A record will be kept of all costs incurred. Whenever a liability to pay is incurred the applicant will be notified of the method of calculating the charge and this fact noted on the record.
34.7.3	Any Ombudsman discharging statutory functions of investigation under the Ombudsmen Act 1975 in terms of the Local Government Official Information and Meetings Act 1987 is not subject to any charging regime.
34.8	Cost control
34.8.1	In order to reduce the amount of staff time and resources incurred in dealing with requests the Council may ask for requests for official information to be in writing in order to narrow down the scope of the request and avoid confusion as to what is being requested.
34.8.2	The Council may refer the request to another organisation if the request relates more closely to the functions of another Council or government department.
