

SCALE BAR: 0 0.5 km

EXPLANATION:
 Mapped extent of 2005 debris flows and debris avalanches identified from Whakatane District Council aerial photography flown on 24-25 May 2005. Does NOT include mapped debris flood.
 Mapped extent of future debris inundation hazard. Extent derived from 2006 and 2011 lidar surveys. Does NOT include debris flood hazard.
 Displayed imagery from the 2011 lidar survey
 Imagery and lidar data provided by Whakatane District Council

Matata Debris Flow Mapping

Mapped extent of:
 - 2005 debris flows and debris avalanches
 - Future inundation hazard extent of debris flow and debris avalanche

SCALE: 1:10,000

PROJECTION:
New Zealand Transverse Mercator 2000

REPORT: DATE:
 Dec 2012
