

Whakatāne District Council
Whakatāne-Ōhohe Ward
Electing 5 Councillors

Kevin ALLAN

My principal place of residence is in the Whakatāne-Ōhohe Ward area.

My wife Christine and I enjoy the Whakatane District lifestyle and believe now its time to give something to the community that has made us welcome over the last nine years.

Having been a professional property valuer and business owner for over forty years, in 2007 I joined a Whakatane business which afforded the opportunity to become very familiar with the district, its people and aspirations. We value proactive, open and consultative local government and see a need to ensure our District continues to build on its natural attributes. I will work diligently to enhance sustainable growth, improve delivery of core services and support organisations (charitable, sporting, cultural, social) performing an important adhesive within the community.

I will promote improvements in traffic and pedestrian safety, transparency in Council decision making, cost control and improved asset management.

With enthusiasm to deliver these outcomes, I respectfully seek your vote as a Councillor.
