**NB: Please note the following explanations for this report:**

Figures that are comparably lower than percentages for other respondent types.

Figures that are comparably higher than percentages for other respondent types.

Arrows, whenever shown, depict a directional trend.

Please note that unusual or one-off occurrences, such as climatic events, can affect ratings.

In general, where bases are small (<30), no comparisons have been made. For small bases, the estimates of results are not statistically reliable due to the high margins of error.

## A. SITUATION AND OBJECTIVES

The vision for Whakatāne District Council reads:

To be known as the place of choice for people to live, work or play.

Council has engaged a variety of approaches, both to seeking public opinion and to communicating its decisions and programmes to the people resident in the area. One of these approaches was to commission the National Research Bureau's Communitrak™ survey in May/June 2014, May/June 2015, May/June 2016, June 2017, June 2018 and May/June 2019.

Communitrak™ determines how well Council is performing in terms of services/ facilities offered and representation given to its citizens.

The advantages and benefits are that Council has the National Average and Peer Group Average comparisons against which, where applicable, they can analyse perceived performance in Whakatāne District.

\* \* \* \* \*

## B. COMMUNITRAK™ SPECIFICATIONS

### Sample Size

This Communitrak™ survey was conducted with 334 residents of the Whakatāne District (surveys prior to 2019 was with 300 residents).

The survey is framed on the basis of the Community Boards, as the elected representatives are associated with a particular Community Board.

Interviews were spread across the five Community Boards as follows:

Whakatāne	151
Ōhope Beach	36
Rangitāiki	83
Tāneatua	34
Murupara	30
Total	<u>334</u>

### Interview Type

Interviewing was conducted mainly by telephone, with calls being made between 4.30pm and 8.30pm on weekdays and 9.30am and 8.30pm weekends.

### Sample Selection

The white pages of the telephone directory were used as the sample source, with every "xth" number being selected; that is, each residential (non-business) number selected was chosen in a systematic, randomised way (in other words, at a regular interval), in order to spread the numbers chosen in an even way across all relevant phone book pages.

Quota sampling was used to ensure an even balance of male and female respondents, with the sample also stratified according to Community Board. Sample sizes for each Community Board were predetermined to ensure a sufficient number of respondents within each Community Board, so that analysis could be conducted on a Community Board-by-Community Board basis.

A target of interviewing 90 residents aged 18 to 44 years was also set.

This year, 30 interviews were done face-to-face in the Whakatāne Ward with residents aged 18-44 years as this group, in particular, is increasingly difficult to obtain over the phone.

Households were screened to ensure they fell within the Whakatāne District Council's geographical boundaries.

## Respondent Selection

Respondent selection within the household was also randomised, with the eligible person being the man/woman normally resident in the household, aged 18 years or over, who had the last birthday.

## Call Backs

Three call backs, ie, four calls in all, were made to a residence before the number was replaced in the sample. Call backs were made on a different day or, in the case of a weekend, during a different time period, ie, at least four hours later.

## Sample Weighting

Weightings were applied to the sample data, to reflect the actual Community Board, gender and age group proportions in the area as determined by Statistics New Zealand 2013 Census data. The result is that the total figures represent the adult population's viewpoint as a whole across the entire Whakatāne District. Bases for subsamples are shown in the Appendix.

Where we specify a "base", we are referring to the actual number of respondents interviewed.

## Survey Dates

All interviews were conducted from Friday 31 May to Sunday 16 June (excluding Queen's Birthday) 2019.

## Comparison Data

Communitrak™ offers to Councils the opportunity to compare their performance with those of Local Authorities across all of New Zealand as a whole (National Average) and with similarly constituted Local Authorities (Peer Group Average), through a National Survey of 750 residents carried out in October/November 2018.

The Communitrak™ service provides ...

- comparisons with a national sample of 750 interviews conducted in October/November 2018 (the National Average),
- comparisons with other provincial Council norms (the Peer Group Average).

Where comment has been made regarding respondents more or less likely to represent a particular opinion or response, the comparison has been made between respondents in each socio-economic group, and not between each socio-economic group and the total.

Weightings have been applied to this comparison data to reflect the actual adult population in Local Authorities as determined by Statistics NZ 2013 Census data.

## Comparisons With National Communitrak™ Results

Where survey results have been compared with Peer Group and/or National Average results from the October/November 2018 National Communitrak™ Survey, NRB has used the following for comparative purposes, for a sample of 330 residents:

above/below	±8% or more
slightly above/below	±6% to 7%
on par with	±3% to 5%
similar to	±1% to 2%

## Margin Of Error

The survey is a quota sample, designed to cover the important variables within the population. Therefore, we are making the assumption that it is appropriate to use the error estimates that would apply to a simple random sample of the population.

The following margins of error are based on a simple random sample. The maximum likely error limits occur when a reported percentage is 50%, but more often than not the reported percentage is different, and margins of error for other reported percentages are shown below. The margin of error approaches 0% as a reported percentage approaches either 100% or 0%.

Margins of error rounded to the nearest whole percentage, at the 95 percent level of confidence, for different sample sizes and reported percentages are:

Sample Size	Reported Percentage				
	50%	60% or 40%	70% or 30%	80% or 20%	90% or 10%
500	±4%	±4%	±4%	±4%	±3%
450	±4%	±4%	±4%	±4%	±3%
400	±5%	±5%	±5%	±4%	±3%
300	±6%	±6%	±5%	±5%	±3%
200	±7%	±7%	±6%	±6%	±4%

The margin of error figures above refer to the **accuracy** of a result in a survey, given a 95 percent level of confidence. A 95 percent level of confidence implies that if 100 samples were taken, we would expect the margin of error to contain the true value in all but five samples. At the 95 percent level of confidence, the margin of error for a sample of 330 respondents, at a reported percentage of 50%, is plus or minus 5.4%.

## Response Rate

The response rate for the 2019 Whakatāne District Council was **67%**, which is much higher than seen typically in web or mail-out surveys (often in the 5%-30% range). With a decreasing response rate there is an increasing likelihood that the sample is less and less representative of the District.

## Significant Difference

This is a test to determine if the difference in a result between two separate surveys is significant. Significant differences rounded to the nearest whole percentage, at the 95 percent level of confidence, for different sample sizes and midpoints are:

Sample Size	Midpoint				
	50%	60% or 40%	70% or 30%	80% or 20%	90% or 10%
500	6%	6%	6%	5%	4%
450	7%	7%	6%	6%	4%
400	7%	7%	6%	6%	4%
300	8%	8%	7%	6%	5%
200	10%	10%	9%	8%	6%

The figures above refer to the difference between two results that is required, in order to say that the difference is significant, given a 95 percent level of confidence. Thus the significant difference, for the same question, between two separate surveys of 330 respondents is 7.6%, given a 95 percent level of confidence, where the midpoint of the two results is 50%.

**Please note that while the Communitrak™ survey report is, of course, available to residents, the Mayor and Councillors, and Council staff, it is not available to research or other companies to use or leverage in any way for commercial purposes.**

\* \* \* \* \*

## C. EXECUTIVE SUMMARY

This report summarises the opinions and attitudes of Whakatāne District Council residents and ratepayers to the services and facilities provided for them by their Council and their elected representatives.

The Whakatāne District Council commissioned Communitrak™ as a means of measuring their effectiveness in representing the wishes and viewpoints of their residents. Understanding residents' and ratepayers' opinions and needs will allow Council to be more responsive towards its citizens.

Communitrak™ provides a comparison for Council on major issues, on their performance relative to the performance of their Peer Group of similarly constituted Local Authorities, to Local Authorities on average throughout New Zealand.

## SNAPSHOT

**90% of residents are satisfied with parks and reserves.**

**Whilst 30% are not very satisfied with business promotion.**

**69% of residents say that Council provides more than enough/enough information to the community.**

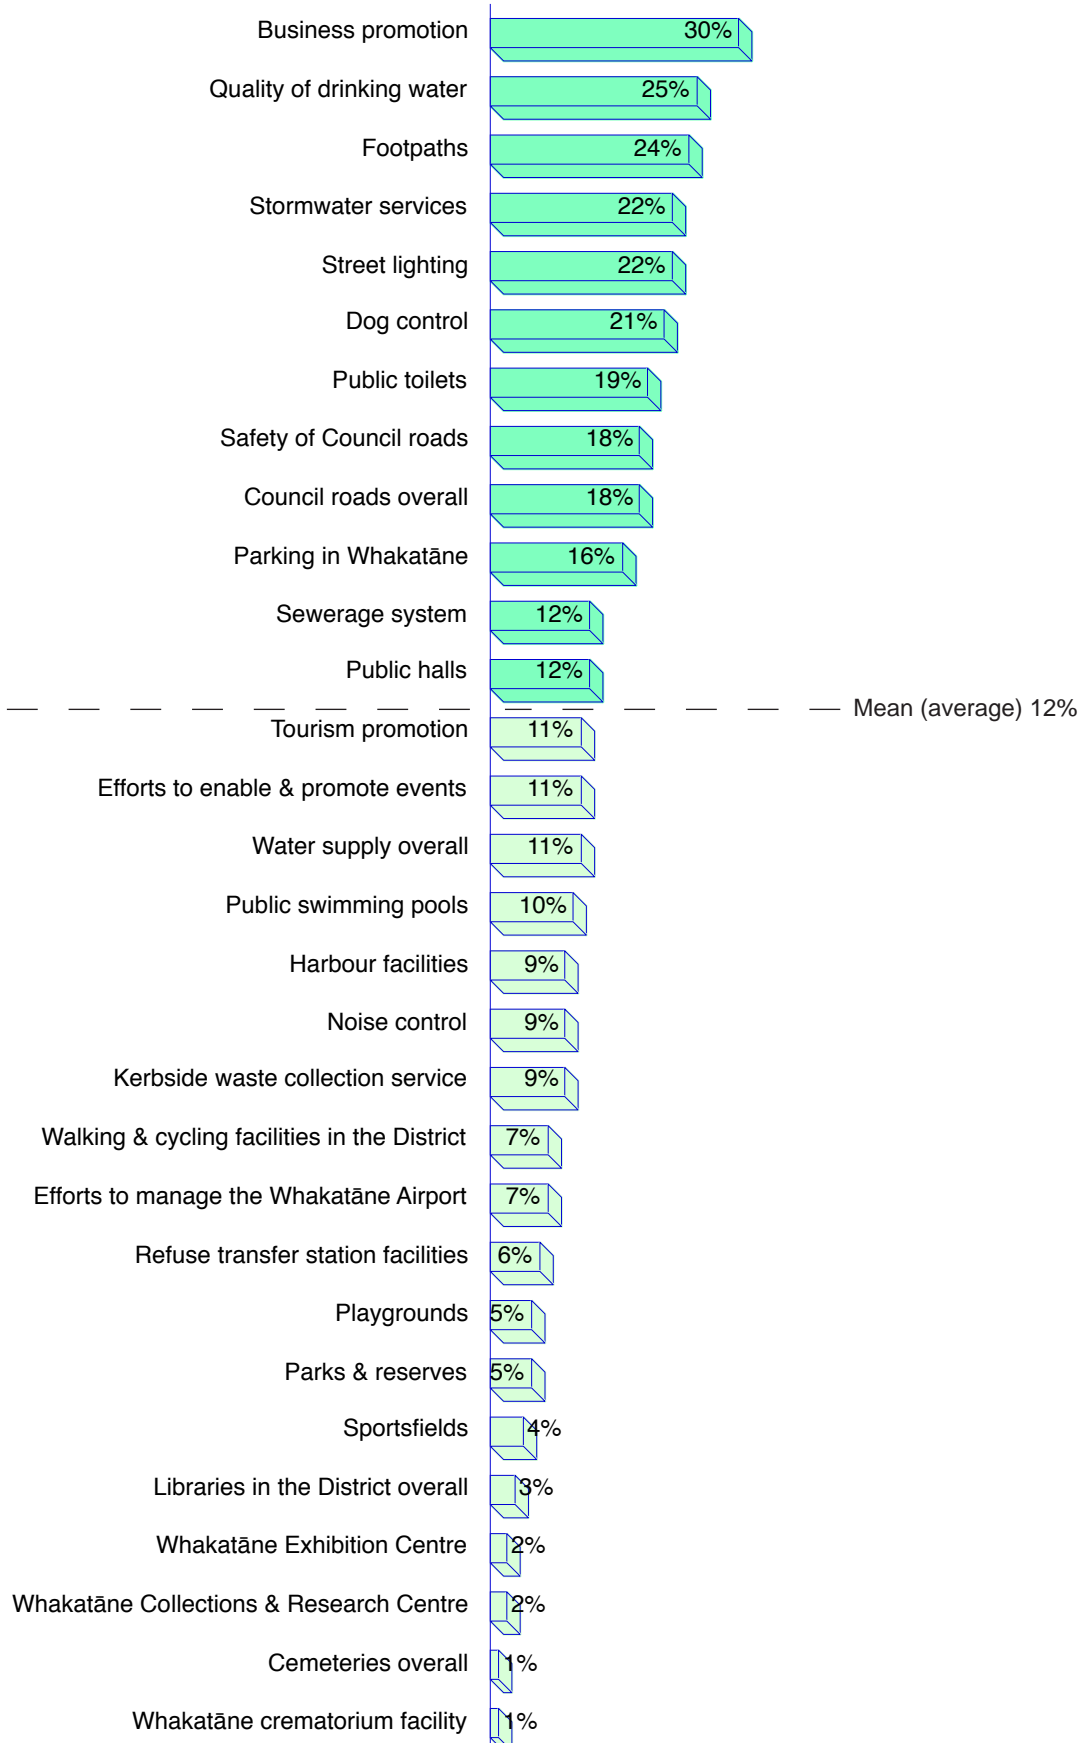

**96% of residents feel Whakatāne District is definitely/mostly a safe place to live.**

## SERVICES

### a. Satisfaction Measures For Council Services And Facilities

#### Percent Saying They Are Not Very Satisfied With ...

## Very Satisfied With ...

### Summary Table: Satisfaction With Services/Facilities - Comparison

	Whakatāne 2019		Whakatāne 2018

Public halls	207	35	47	82	13	5
Public toilets	242	27	47	74	20	6

### Service Provided - Satisfaction With Council Services/Facilities

	Base	Very satisfied %	Fairly satisfied %	Very/Fairly satisfied %	Not very satisfied %	Don't know %
Kerbside waste collection services	318	64	27	91	9	-
Water supply overall	270	53	36	89	10	1
Sewerage system	232	47	41	88	9	3
Stormwater services	231	34	41	75	21	4
Quality of drinking water	270	40	32	72	26	2

### Contacted Council - Satisfaction With Council Services/Facilities

	Base	Very satisfied %	Fairly satisfied %	Very/Fairly satisfied %	Not very satisfied %	Don't know %
Noise control	33	28	38	66	33	1
Dog control <sup>†</sup>	66	30	27	57	35	8

NB: for the following services/facilities only **overall** results are available (see page 11): Council roads overall, safety of roads, walking and cycling facilities, harbour facilities, street lighting, footpaths, parking in Whakatāne, tourism promotion, Council's efforts to enable and promote events, Council's efforts to manage the Whakatāne Airport and Council's efforts to attract and retain residents and business promotion.

<sup>†</sup> does not add to 100% due to rounding

The percent not very satisfied in Whakatāne District is **higher/slightly higher** than the Peer Group and/or National Averages for ...

	Whakatāne %	Peer Group %	National Average %
• business promotion	30	32	21
• stormwater services	22	17	16
• public halls	12	9	6

The percent not very satisfied in Whakatāne District is **lower** than the Peer Group and National Averages for ...

• roads	18	33	27
• parking in Whakatāne	16	35	40
• tourism promotion	11	17	14
• water supply overall	11	17	14
• refuse transfer station facilities	6	<sup>††</sup> 12	<sup>††</sup> 14
• Whakatāne Collections and Research Centre	2	<sup>†</sup> 10	<sup>†</sup> 5

The comparison for the following show Whakatāne **on par with/similar to** the Peer Group and/or the National Averages for ...

• footpaths	24	27	21
• dog control	21	22	16
• public toilets	19	17	17
• sewerage system	12	7	7
• public swimming pools	10	12	7

• playgrounds	5	<sup>**</sup> 4	<sup>**</sup> 3
• parks and reserves	5	5	5
• sportsfields	4	<sup>**</sup> 4	<sup>**</sup> 3
• libraries in the District overall	3	4	3
• cemeteries overall	1	1	5

<sup>\*</sup> these percentages are the averaged ratings for rubbish collection **and** recycling as these were asked separately in the 2018 National Communitrak™ Survey

<sup>\*\*</sup> these percentages are the readings for sportsfields **and** playgrounds

<sup>†</sup> these percentages are the readings for museums in general

<sup>††</sup> these percentages are the readings for refuse disposal (ie, landfill sites)

## b. Frequency Of Use - Council Services And Facilities

	Used / Visited In Last Year	
	Yes %	No %
Park and reserve	88	12
Public toilet	77	23
District library	71	29
Transfer station facility	70	30
Public playground	69	31
Public sportsfield	68	32
Public hall	64	36
Cemetery in the District	62	38
Public swimming pool	56	44
Whakatāne Exhibition Centre	52	48
Whakatāne Crematorium facility	29	71
Contacted Council about dogs	23	77
Whakatāne Collections and Research Centre	17	83
Contacted Council about noise	11	89

% read across

Parks and reserves, 88%,

Public toilets, 77% and,

District library, 71%,

... are the facilities or services surveyed which have been most frequently used by residents or other members of their household, in the last year.

### c. Spend Emphasis On Services/Facilities

	<b>Spend More</b>
Business promotion	57% of all residents
Tourism promotion	36%
Footpaths	36%
Council's efforts to enable and promote events	35%
Walking and cycling facilities in the District	34%
Harbour facilities	33%
Council roads in the District	31%
Stormwater services	30%
Parking in Whakatāne	29%
Water supply	29%
Street lighting	28%
Dog control	27%
Public toilets	27%
Public swimming pools	23%
Public halls	21%
Sewerage system	19%
Whakatāne Airport	19%
Parks and reserves	14%
Playgrounds	14%
Kerbside waste collection service	13%
District libraries overall	13%
Noise control	11%
Sportsfields	9%

Spend Priority: In 2019, business promotion, stormwater services and tourism promotion are the top priorities for Council in terms of spend.

(spend priority = mean spend x percentage not very satisfied)

## TOURISM

Using a 1 to 10 scale, where 1 is strongly disagree and 10 is strongly agree, residents were asked to say how much they agree with the statement: "The tourism sector has a positive impact on the community".

1 Strongly disagree %	2 %	3 %	4 %	5 %	6 %	7 %	8 %	9 %	10 Strongly agree %	Don't know %
2	-	2	1	11	7	14	28	11	22	2

And using a scale of 1 to 10, where 1 is highly unlikely and 10 is highly likely, residents were asked to say how likely they are to recommend Whakatāne as a holiday destination to friends and family.

1 Highly unlikely %	2 %	3 %	4 %	5 %	6 %	7 %	8 %	9 %	10 Highly likely %
1	-	-	1	4	6	6	19	16	46

(does not add to 100% due to rounding)

## COUNCIL POLICY AND DIRECTION

It is important for Council to understand where public sentiment presently lies in terms of Council policy and direction. Council is, of course, not forced to adopt the most “popular” policies or direction. Rather, through understanding where people’s opinions and attitudes lie, Council is able to embark on information, education, persuasion or communication strategies on particular topics if it is felt necessary to **lead** the public to fulfil Council’s legitimate community leadership role.

40% of Whakatāne District residents have in mind a recent Council action, decision or management they **approve** of (40% in 2018). This is similar to the Peer Group Average and on par with the National Average.

The main actions/decisions/management mentioned are ...

appearance of town/beautification/improvements	6%
Council do a good job/good service	6%
parks/reserves/playgrounds/recreation areas	5%
walkways/river walks/cycleways	4%

50% of residents have in mind a recent Council action, decision or management they **disapprove** of (47% in 2018). This is on par with the Peer Group Average and above the National Average.

The main actions/decisions/management mentioned are ...

water bottling plant	7%
rates too high/increases/too high for services received	4%
roading/traffic/road safety	4%
rubbish/recycling	4%

## CONTACT WITH COUNCIL

20% of residents have contacted a Councillor or the Mayor in the last 12 months (23% in 2018), while 10% have contacted a member of a Community Board (10% in 2018).

60% of residents have contacted the customer service front desk staff by phone and/or in person, in the last 12 months (58% in 2018).

### Satisfaction With The Overall Service Received From Customer Service Front Desk Staff

*Contacted Customer Service Front Desk Staff In Last 12 Months<sup>†</sup>*

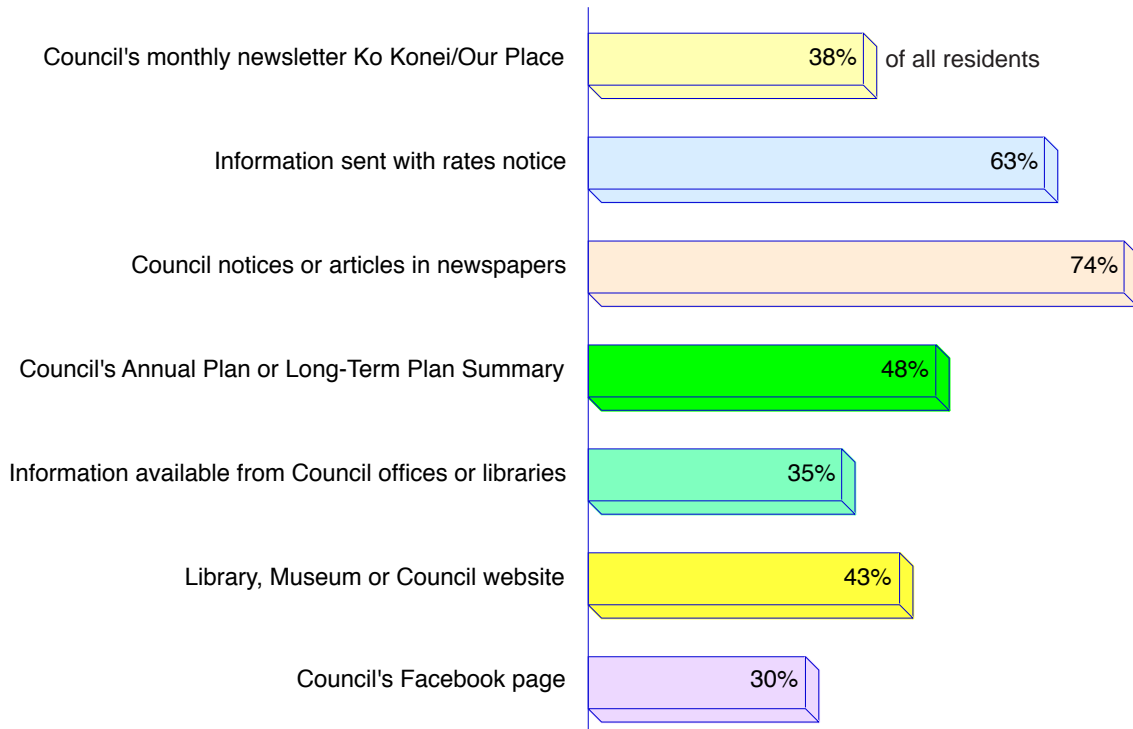

<sup>†</sup>Base = 206

(those residents who have contacted the customer service front desk staff by phone and/or in person in last 12 months)

**INFORMATION**

**In The Last 12 Months, Residents Have Seen/Read ...**

**Amount Of Information That The Council Supplies To The Community Is ...**

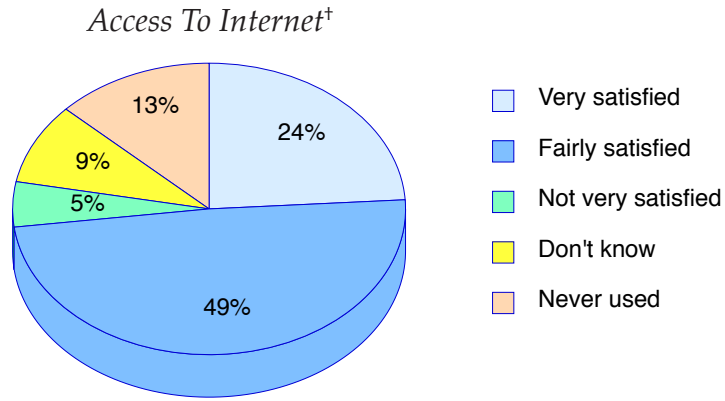

(does not add to 100% due to rounding)

Whakatāne District residents are above Peer Group residents and residents nationwide, in feeling there is enough/more than enough information supplied to the community.

**Satisfaction With Provision Of Online Services And Information**

<sup>†</sup>Base = 280  
(88% of residents have access to the internet)

**Participation In Council Community Engagement Process**

In the past years residents have participated in the following community engagement processes\* ...

talking to Council representative at public events	22%	of all residents
responded to a Council survey (excluding this survey)	11%	
making a formal submission online or in writing	10%	
attending a workshop or open day	8%	
participating in a user group or stakeholder forum	8%	
providing feedback on Facebook	7%	
attended a hearing	6%	
visiting Council's 'have a say' section on the website	5%	

\* multiple responses allowed

61% of residents said they have not participated in any of these processes (60% in 2018).

### Preferred Process For Participating In Council's Decision Process

The most preferred methods are ...

online/internet/social media	18%	of all residents
public meetings/public forum/open forum	12%	
personal contact/face-to-face	11%	
postal notifications/write a letter	9%	

## LOCAL ISSUES

### Council Consultation And Community Involvement

(does not add to 100% due to rounding)

The very satisfied/satisfied reading (48%) is slightly above the Peer Group Average and on par with the National Average.

### Perception Of Safety

Do residents feel Whakatāne District is generally a safe place to live?

Yes definitely	32% of all residents (41% in 2018)
Yes mostly	64% (53% in 2018)
Not really	3% (5% in 2018)
Definitely not	1% (1% in 2018)
Don't know	0% (0% in 2018)

The percent saying 'Yes, definitely' (32%), is similar to the Peer Group Average and on par with the National Average.

## Climate Change

69% of residents think climate change is a significant issue for the District now, while 23% say 'no' and 8% are unable to comment.

## Quality Of Life

Whakatāne District residents are above Peer Group residents and residents nationwide, in rating the quality of life in the District as very good.

REPRESENTATION

**a. Performance Rating Of The Mayor And Councillors**

Whakatāne District is slightly above the Peer Group Average and on par with the National Average, in terms of rating the Mayor and Councillors' performance as **very/fairly good**.

**b. Performance Rating Of Community Board Members**

(does not add to 100% due to rounding)

There are no comparative Peer Group and National Averages for this reading, however, the 2019 very good/fairly good reading is on par with the 2018 result.

c. Performance Rating Of The Council Staff

Whakatāne District is on par with the Peer Group Average and slightly above the National Average, in terms of rating the performance of Council staff as **very/fairly good**.

\* \* \* \* \*

## D. MAIN FINDINGS

Throughout this Communitrak™ report, comparisons are made with the National Average of Local Authorities and with a Peer Group of similar Local Authorities.

For Whakatāne District Council, this Peer Group of similar Local Authorities are those comprising a provincial city or town(s), together with a rural component.

NRB has defined the **Provincial Peer Group** as those Territorial Authorities where from 66% to 91% of dwellings are in urban meshblocks, as classified by Statistics New Zealand's 2013 Census data.

In this group are ...

Ashburton District Council  
 Gisborne District Council  
 Gore District Council  
 Grey District Council  
 Hastings District Council  
 Horowhenua District Council  
 Marlborough District Council  
 Masterton District Council  
 New Plymouth District Council

Queenstown Lakes District Council  
 Rotorua Lakes Council  
 South Waikato District Council  
 Taupo District Council  
 Thames Coromandel District Council  
 Timaru District Council  
 Waipa District Council  
 Whangarei District Council

The population density in all these Council areas is relatively similar.

2013 survey not conducted by NRB. In 2013 respondents were asked to rank their level of satisfaction from 0-10, with 0 being very dissatisfied and 10 being very satisfied.

To allow comparison between the two surveys the following analogy has been made:

Very satisfied / fairly satisfied = 6-10  
 Not very satisfied = 0-5

## 1. COUNCIL SERVICES/FACILITIES

## A. SATISFACTION WITH COUNCIL SERVICES AND FACILITIES

Residents were read out a number of Council functions and asked whether they are very satisfied, fairly satisfied or not very satisfied with the provision of that service or facility.

### i. Parks And Reserves

90% of Whakatāne District residents are satisfied with their parks and reserves, including 48% who are very satisfied (40% in 2018), while 5% are not very satisfied with these facilities.

The percent not very satisfied is similar to the Peer Group and National Averages and the 2018 result.

88% of households have used/visited parks or reserves in the last 12 months. 94% of these “users/visitors” are satisfied, with 5% not very satisfied.

There are no notable differences between Community Boards and between socio-economic groups, in terms of those residents not very satisfied with their parks and reserves.

## Satisfaction With Parks And Reserves

## ii. Sportsfields

82% of residents are satisfied with their local sportsfields, including 44% who are very satisfied (35% in 2018), while 4% are not very satisfied with these facilities. 14% are unable to comment.

The percent not very satisfied is similar to the Peer Group and National Averages for **sportsfields and playgrounds** and the 2018 reading.

68% of households have used/visited a public sportsfield in the last 12 months (64% in 2018) and of these “users/visitors”, 89% are satisfied, and 5% not very satisfied.

There are no notable differences between Community Boards and between socio-economic groups, in terms of those residents not very satisfied with sportsfields.

### iii. Street Lighting

72% of Whakatāne residents are satisfied with street lighting, including 33% who are very satisfied, while 22% are not very satisfied. 6% are unable to comment. These readings are similar to the 2018 results.

There are no comparative Peer Group and National Averages for this reading.

Residents more likely to be not very satisfied with street lighting are ...

- Urban residents,
- NZ Māori residents,
- residents aged 18 to 44 years,
- residents with an annual household income of \$40,000 or more.

## Satisfaction With Street Lighting

#### *iv. Public Toilets*

65% of residents are satisfied with public toilets in the District, while 19% are not very satisfied (23% in 2018) and 16% are unable to comment (13% in 2018).

The percent not very satisfied is similar to the Peer Group and National Averages.

77% of households have used a public toilet in the last 12 months. Of these, 74% are satisfied and 20% are not very satisfied (26% in 2018).

There are no notable differences between Community Board residents and between socio-economic groups, in terms of those residents not very satisfied with public toilets. However, it appears that ratepayers are slightly more likely to feel this way, than non-ratepayers.

## v. Footpaths

70% of Whakatāne residents are satisfied with footpaths in their District (75% in 2018), while 24% are not very satisfied (20% in 2018).

The percent not very satisfied is on par with the Peer Group and National Averages.

Residents more likely to be not very satisfied with footpaths are ...

- residents aged 45 years or over,
- ratepayers.

It also appears that Urban residents are slightly more likely, than Rural residents, to feel this way.

### vii. Stormwater Services

64% of residents are satisfied with stormwater services (55% in 2018), while 22% are not very satisfied and 14% are unable to comment (11% in 2018).

The percent not very satisfied is on par with the Peer Group Average, slightly above the National Average, but 12% below the 2018 reading.

68% of residents are provided with a piped stormwater collection (60% in 2018) and, of these, 75% are satisfied (67% in 2018) and 21% are not very satisfied (30% in 2018).

NZ Māori residents are more likely to be not very satisfied with stormwater services, than NZ European residents.

It also appears that Tāneatua Community Board residents are **slightly more** likely to feel this way, than other Community Board residents.

### ix. Whakatāne Crematorium Facility

55% of residents are satisfied with the Whakatāne Crematorium facility, including 41% who are very satisfied (33% in 2018), while 1% are not very satisfied.

A large percentage, 43%, are unable to comment and this is probably due to only 29% of residents saying they, or a member of their household, have visited the Whakatāne Crematorium facility in the last 12 months (33% in 2018). Of these 'visitors', 93% are satisfied.

There are no comparative Peer Group and National Average readings for this facility, however the not very satisfied reading is similar to last year's findings.

There are no notable differences between Community Board residents and between socio-economic groups, in terms of those residents who are not very satisfied with Whakatāne Crematorium facility.

## *xii. Control Of Dogs*

*Overall*

*Contacted Council*

Base = 66

*Dog Owners*

Base = 146

68% of residents express satisfaction with the dog control, while 21% are not very satisfied with this service. 11% are unable to comment. These readings are similar to the 2018 results.

The percent not very satisfied is similar to the Peer Group Average and on par with the National Average.

23% of households have contacted Council regarding dog control in the last 12 months and of these, 57% are satisfied (68% in 2018), and 35% are not very satisfied (29% in 2018).

48% of households have a dog (43% in 2018), and of these 70% are satisfied and 23% not very satisfied.

There are no notable differences between Community Board residents and between socio-economic groups, in terms of those residents not very satisfied with dog control. However, it appears that the following residents are slightly more likely to feel this way ...

- women,
- NZ Māori residents.

*xxi. Kerbside Waste Collection Service (this includes rubbish, recycling and green waste)*

*Provided With A Regular Waste Collection Service*

Base = 318

88% of residents are satisfied with kerbside waste collection service (91% in 2018), including 62% who are very satisfied (58% in 2018). 9% are not very satisfied and 3% are unable to comment.

The percent not very satisfied is on par with the Peer Group<sup>†</sup> Average and similar to the National Average<sup>†</sup> and the 2018 result.

96% of residents are provided with a regular waste collection service and kerbside recycling services in the last 12 months. Of these, 91% are satisfied and 9% are not very satisfied.

Non-ratepayers are more likely to be not very satisfied with kerbside waste collection service, than ratepayers.

<sup>†</sup> Peer Group and National Averages refer to the **averaged** ratings for rubbish collection **and** recycling as these were asked separately in the 2018 National Communitrak™ Survey.

Council roads in the District	<b>31</b>	25	14	48	33	18
Stormwater services	<b>30</b>	30	21	35	43	2

## C. SPEND PRIORITY FOR SERVICES/FACILITIES

(Spend priority = mean spend x percentage not very satisfied).

The graph shows the priorities for spending for Council for the 23 services /facilities where **both** the mean spend and not very satisfied readings are available.

The spend priority factor is gained by multiplying the mean spend (where spend more = +1, spend about the same = 0 and spend less = -1) by the percentage not very satisfied.

In 2019, business promotion, footpaths and stormwater services are the top priorities for Council in terms of spend, while sportsfields, District libraries overall, playgrounds and parks and reserves are the lowest priorities in terms of spend.

## 2. TOURISM

## A. IMPACT ON THE COMMUNITY

Using a 1 to 10 scale, where 1 is strongly disagree and 10 is strongly agree, how much do residents agree or disagree with the statement: "The tourism sector has a positive impact on the community".

	1 Strongly disagree %	2 %	3 %	4 %	5 %	6 %	7 %	8 %	9 %	10 Strongly agree %	Don't know %
<b>Total District 2019</b>	<b>2</b>	<b>-</b>	<b>2</b>	<b>1</b>	<b>11</b>	<b>7</b>	<b>14</b>	<b>28</b>	<b>11</b>	<b>22</b>	<b>2</b>

% read across

<sup>†</sup> does not add to 100% due to rounding

87% of residents are likely (rating 7 to 10) to recommend Whakatāne as a holiday destination to friends and family, while 2% are unlikely (rating 1 to 4).

Residents more likely to recommend Whakatāne as a holiday destination (rating 7 to 10) are ...

- all Community Board residents, except Murupara Community Board residents,
- ratepayers.

### 3. COUNCIL POLICY AND DIRECTION

It is important for Council to understand where public sentiment presently lies in terms of Council policy and direction. Council is, of course, not forced to adopt the most "popular" policies or direction, rather by understanding where people's opinions and attitudes currently lie, Council is able to embark on information, education, persuasion or communication strategies on particular topics if it is felt necessary to lead the public to fulfil Council's legitimate community leadership role.

Residents were asked whether there is any recent Council action, decision or management that they ...

- like or approve of,
- dislike or disapprove of.

This was asked in order to gauge the level of support Whakatāne District residents had for Council's actions and decisions. "Support" is a mixture of agreement with the activity or decision, and/or whether District residents have been adequately informed of the proposed action/ decision/ management.

**A. RECENT ACTIONS, DECISIONS OR MANAGEMENT APPROVE OF**

Overall, 40% of Whakatāne District residents have in mind a recent Council action, decision or management they approve of. This reading is similar to the Peer Group Average and 2018 reading and on par with the National Average.

Residents more likely to have in mind an action/ decision/ management they approve of are ...

- Urban residents,
- shorter term residents, those residing in the District 10 years or less,
- residents with an annual household income of \$70,001 or more,
- business owners.

*Percent Approving - Comparison*

*Percent Approving - By Community Board*

*Percent Approving - By Area*

*Percent Approving - Comparing Different Types Of Residents*

Main actions/decisions/management residents approve of are ...

- appearance of town/beautification/improvements,
- Council do a good job/good service,
- parks/reserves/playgrounds/recreation areas,
- walkways/river walks/cycleways.

### Summary Table: Main Actions/Decisions/Management Residents Approve Of

	Total District 2019 %	Community Board Area				
		Whaka- tāne %	Ōhope Beach %	Rangi- tāiki %	Tāne- atua %	Muru- para %

Walkways/river walks/cycleways	<b>4</b>	6	4	3	6	-

NB: refer to page 134

\* 1% of residents mention 'appearance of town/tidying up/maintenance' as an action/decision/management they disapprove of

\*\* 3% of residents mention 'Council performance/service' as an action/decision/management they disapprove of

<sup>◊</sup> 3% of residents mention 'Wairaka Park playground and pool' as an action/decision/management they disapprove of

Other actions / decisions / management finding approval amongst 3% of residents are ...

- Library / Museum / airport heritage building,
- waterfront development / fund,

by 2% ...

- port / airport,
- good communication / keep us informed / involvement with community,
- promotion of area / tourism,

by 1% ...

- handling of Edgumbe floods / good response / support,
- rubbish collection / transfer station,
- swimming pool,
- improved roading / traffic,
- stormwater service.

**B. RECENT COUNCIL ACTIONS, DECISIONS OR MANAGEMENT RESIDENTS DISAPPROVE OF**

Overall, 50% of Whakatāne District residents have in mind a recent Council action, decision or management they disapprove of (47% in 2018). This is on par with the Peer Group Average and above the National Average.

Whakatāne, Rangitāiki and Tāneatua Community Board residents are **more** likely to have in mind a recent Council action, decision or management they disapprove of, than other Community Board residents.

It also appears, that longer term residents, those residing in the District more than 10 years, are slightly more likely to do so, than shorter term residents.

In 2019, 49% of residents who have something they dislike or disapprove of also have something they like or approve of.

*Percent Disapproving - Comparison*

*Percent Disapproving - By Community Board*

*Percent Disapproving - By Area*

*Percent Disapproving - Comparing Different Types Of Residents*

Main actions/decisions/management residents disapprove of are ...

- water bottling plant,
- rates too high/increases too high for services received,
- roading/traffic/road safety,
- rubbish recycling.

### Summary Table: Main Actions/Decisions/Management Disapprove Of\*

	Total District 2019 %	Community Board Area				
		Whaka- tāne %	Ōhope Beach %	Rangi- tāiki %	Tāne- atua %	Muru- para %

## 5. INFORMATION

**A. TYPES OF PUBLISHED INFORMATION RESIDENTS HAVE SEEN OR READ IN THE LAST 12 MONTHS**

*Yes - Have Seen Or Read - 2019*

74% of residents have seen or read Council notices or articles in newspapers, while 63% have seen/ read information sent with rates notices (68% in 2018) and 48% have seen/ read Council's Annual Plan or Long-Term Plan summary (55% in 2018).

Residents more likely to have seen or read **Council notices or articles in newspapers** are ...

- NZ European residents,
- longer term residents, those residing in the District more than 10 years.

Residents more likely to who have seen or read the **information sent with the rates notice** are ...

- residents aged 45 years or over,
- NZ European residents,
- longer term residents, those residing in the District more than 10 years,
- ratepayers.

Residents more likely to have seen or read the **Council monthly newsletter - Ko Konei/ Our Place** are ...

- residents aged 45 to 64 years,
- longer term residents, those residing in the District more than 10 years,
- ratepayers.

Longer term residents, those residing in the District more than 10 years are **more** likely to have seen or read **information available from Council offices or libraries**, than shorter term residents.

Residents **more** likely to have seen or read **Council's Annual Plan or Long-Term Plan Summary** are ...

- residents aged 45 years or over,
- NZ European residents,
- longer term residents, those residing in the District more than 10 years,
- ratepayers,
- business owners.

Residents more likely to who have seen or read the **Library, Museum or Council website** are ...

- all Community Board residents, except Murupara Community Board residents,
- residents aged 18 to 64 years,
- NZ European residents,
- residents with an annual household income of \$70,001 or more,
- ratepayers,
- business owners.

Residents more likely to have seen or read **Council's Facebook page** are ...

- Urban residents,
- residents aged 18 to 44 years,
- shorter term residents, those residing in the District 10 years or less,
- business owners.

## B. THE SUFFICIENCY OF THE INFORMATION SUPPLIED

All residents were asked whether they considered the information supplied by Council to be sufficient.

### Summary Table: Comparisons

	Total District 2019 %	Total District 2018 %	Peer Group %	National Average %	Community Board				
					Whaka-tāne %	Ōhope Beach %	Rangi-tāiki %	Tāne-atua %	Muru-para %

## D. PARTICIPATION IN COUNCIL COMMUNITY ENGAGEMENT PROCESSES

In the past year residents have participated in:

In 2019, 22% of residents said they had, in the past year, talked to a Council representative at public events, 11% had responded to a Council survey, excluding the 2019 Communitrak™ survey (15% in 2018) and 10% had made a formal submission.

Urban residents are more likely to have talked to a **Council representative**, than Rural residents.

61% of residents said they had not engaged in any of these community engagement processes in the last year (60% in 2018).

Residents more likely to say they had **not engaged** are ...

- Murupara Community Board residents,
- Rural residents.
- residents with an annual household income of \$100,000 or less,
- non-ratepayers.

### Summary Table: Main Processes Residents Have Engaged In

	Talking to Council representative at public event %	Responded to Council survey (excl. this one) %	Making a formal submission %

\* caution: small/very small bases

<sup>†</sup> does not add to 100% due to rounding

32% of residents feel that generally Whakatāne District is definitely a safe place to live (41% in 2018), 64% say it is mostly (53% in 2018), 3% of residents think the District is not really a safe place to live and 1% say it is definitely not.

The percent saying 'yes, definitely' (32%) is similar to the Peer Group Average and on par with the National Average.

There are no notable differences between Community Board residents and between socio-economic groups, in terms of those residents who feel that Whakatāne District is **definitely** a safe place to live. However, it appears that shorter term residents, those residing in the District 10 years or less, are slightly more likely to feel this way, than longer term residents.

### C. CLIMATE CHANGE

Residents were asked to say whether they think climate change is a significant issue for the District now.

69% of residents think that climate change is a significant issue for the District now, while 23% do not and 8% are unsure.

Residents more likely to say 'Yes' are ...

- women,
- shorter term residents, those residing in the District 10 years or less,
- ratepayers.

## D. QUALITY OF LIFE

63% of residents think that, overall, the quality of life in their District is very good (60% in 2018), while 26% say it is good (30% in 2018), 8% feel it is fair and 2% say it is poor.

Whakatāne District residents are above Peer Group residents and residents nationwide, in rating the quality of life in their District as **very good**.

Residents more likely to feel the quality of life is **very good** are ...

- all Community Board residents, except Murupara Community Board residents,
- NZ European residents,
- longer term residents, those residing in the District more than 10 years.

## 7. REPRESENTATION

The success of democracy in the Whakatāne District Council depends on the Council both influencing and encouraging the opinions of its citizens and representing these views and opinions in its decision making. Council wishes to understand the perceptions that its residents have on how easy or how difficult it is to have their views heard. It is understood that people's perceptions can be based either on personal experience or on hearsay.

## A. PERFORMANCE RATING OF THE MAYOR AND COUNCILLORS IN THE LAST YEAR

54% of Whakatāne District residents rate the performance of the Mayor and Councillors over the past year as very or fairly good (49% in 2018), while 27% rate their performance as just acceptable (31% in 2018). 7% rate the performance of the Mayor and Councillors as not very good / poor (10% in 2018) and 12% are unable to comment.

Whakatāne District residents rate the performance of the Mayor and Councillors slightly above the Peer Group Average and on par with the National Average, in terms of their performance being very / fairly good.

54% of those who have contacted a Councillor or the Mayor in the last year, rate the performance of the Mayor and Councillors as very or fairly good (47% in 2018).

Residents **more** likely to rate the performance of the Mayor and Councillors over the past year as very / fairly good are ...

- all Community Board residents, except Murupara Community Board residents,
- NZ European residents.

**Summary Table: Performance Rating Of The Mayor And Councillors In The Last Year**

## E. APPENDIX

### Base by Sub-sample

		Actual respondents interviewed	*Expected numbers according to population distribution
<b>Community Board</b>			
	Whakatāne	151	149
	Ōhope Beach	36	29
	Rangitāiki	83	96
	Tāneatua	34	32
	Murupara	30	28
<b>Gender</b>	Male	167	158
	Female	167	176
<b>Age</b>	18-44 years	91	137
	45-64 years	85	126
	65+ years	158	71

\* Interviews are intentionally conducted proportional to the population in each Community Board. Post stratification (weighting) is then applied to adjust back to population proportions in order to yield correctly balanced overall percentages. This is accepted statistical procedure. Please see also pages 2 to 4 regarding quotas and weighting for this survey.
